

“I was glad I had chosen AROC Insurance the minute I had to make a claim...”

I was dreading the whole process because I had experienced a claim a few years ago when I was insured direct with one of the large insurance companies. However, now I'm insured through the club's broker AROC Insurance and everything worked out just fine.

When I made a call to their emergency claims line, the phone was answered quickly and I spoke to a very helpful and friendly person.

It was great - no forms to fill in. All the details were taken over the phone in just a few short minutes.

I received a call the same day from the insurance company telling me that my car would be collected within 24 hours and a courtesy car delivered. I was even able to request that they use my usual Alfa garage instead of the insurer's own approved repair centre.

They were proactive in moving things forward - they try to resolve claims as swiftly and efficiently as possible. I didn't even have to chase for an outcome. Everything went so smoothly I couldn't believe it.

If you have to claim, make sure you're with AROC Insurance.
